A Very Successful Physician

By Joe Rose

My wife and I know a physician who is very successful in healing many types of sickness and disease. My name is Joe Rose, and I hope you're reading this article because you or someone you know may be in need of healing.

Actually, my wife and I have been to this man and have been healed of several sicknesses. A number of years ago, my wife had tumors growing in her body, and two specialists said they wanted to operate. We heard of this great Physician and made an appointment. He told us tumors could be removed without surgery.

He confirmed these words, and my wife was healed.

One time I went to this Physician because I had been out running and had a lot of pain in one knee. He got rid of the pain. Another time I had been having sharp pains in my heart. He healed those instantly.

We know of a woman that spent all her money on doctors trying to be healed of bleeding and couldn't get any relief. He healed her instantly. Another man had a son with terrible epileptic seizures — healed instantly. One man was healed who was totally deaf — healed instantly. One man in his 40s had been crippled since birth and had to be carried around — instantly healed. I personally know a young girl that was brought back to life by this physician.

I read an article written by this Physician saying there is no sickness or disease that

can't be healed. This Physician has had many reports written of incurable people being healed. He has a totally unique way of healing. He actually removes a person's sickness and places the sickness on Himself.

It's sort of like when a person comes to Him with a sickness who has a heavy backpack he is carrying. This Physician takes the backpack off and puts it on His back. Then the person doesn't have the weight (sickness) anymore.

This Physician's name is Jesus and the Bible says "It was our pain He took, and our diseases were put on Him...He took the punishment by which we have peace, and by His wounds we are made well" (Isaiah 53:4-5, The Bible in Basic English).
